16-19 Bursary Fund Policy 2017-18

1. Background

From September 2011 Department for Education introduced a 16-19 bursary fund that is designed to help support young people who face the greatest barriers to continuing in education in the Sixth Form. To be eligible to receive a bursary at Marling School the student must be aged under 19 on 31st August in the academic year in which they start their programme of study and must not be currently in receipt of EMA (transitional) payments.

To receive and continue to receive a bursary the student must also satisfy the following conditions:

- The student's level of unauthorised and unexplained absence from all lessons must be no greater than 10%.
- The student must maintain the terms of the Sixth Form contract.

This will be reviewed on a monthly basis prior to payment.

2. Process

To apply for a bursary a student should complete the attached application form by the end of the second week of September, January or May to be considered for one of the 3 levels of funding. The application will then go to a Remissions Panel made up of the Headteacher, staff and governors who will decide on the appropriate level of funding. This process will be dealt with in the strictest confidence. Funding will be allocated at each funding meeting in order of need with Level 1 allocations made first followed by Level 2 then Level 3. The Remissions Panel will sit at the end of September, January and May to consider the continuation of any current bursaries and any new applications. Fresh applications must be made for each year of study but once granted will continue for the academic year subject to the conditions described in 1 above.

Frequently Asked Questions – Students

Am I eligible for a grant?

Because there are only limited funds, schools have to make sure that grants reach those most in need of support.

To be eligible for Level 1 funding you have to show evidence of

- Being a young person in care
- Being a care leaver (young people who cease to be looked after or accommodated)
- Being in receipt of Universal Credit payment in your own name
- Being in receipt of Income Support
- Being a disabled young person in receipt of Employment Support Allowance and Personal Independence payment in your own name.

To be eligible for Level 2 funding you have to show evidence of being eligible for Free School Meals even if you choose not to have them. This shows that you are in receipt of certain benefits and must be renewed every six months.

To be eligible for Level 3 funding you have to show evidence of financial hardship. Each application will be considered on individual circumstances. As a general guide, if your household income is between £16,190 and £25,521 you **may** be eligible for some Level 3 funding, depending on the funds available.

What “evidence” do I need to show?

The application form gives examples of evidence that might support your application for a grant. If you do not have any of these but would still like to be considered, you should write a letter and attach it to your application giving clear details about your household's income.

When should I apply?

The Remissions Panel will consider applications at the end of September, January and May. You should submit your application by the second week of each of those months, we will publicise the date to give plenty of notice. If you have been awarded a grant, it will last for the academic year, unless your circumstances change, so you won't need to apply again. You must notify the school of any change in circumstances that might affect the continuation of the grant. New applications can be submitted in time for each Panel meeting.

In the event of an emergency, you should talk to the Head of Sixth Form as grants may be awarded in extreme cases outside of the published Panel meetings.

Will I automatically get what I apply for?

If you qualify for Level 1 funding, you will be entitled to this grant. Level 2 and Level 3 funding is discretionary and will be allocated depending on need and funds available. The more information you put into your application about what you will find difficult to fund and why, the more easily the school will be able to assess your needs.

How will I know what I might find difficult to fund?

If you travel by bus to school, think about how much this is going to cost for the year. Might you need to travel to other course related events, or do you plan to travel to University open days? Talk to the teachers of the courses you are on. Are there any costs associated with the course, such as textbooks or other equipment? Will there be any costs associated with the exams or modules? Are there any trips that are part of the course? Also think about meals while you are at school.

Will the grant be paid in cash?

Level 1 funding will be paid monthly by BACS transfer directly into your (the students) bank account. Level 2 & 3 grants will usually be paid by BACS transfer but may also be paid in kind such as meals, course materials or travel passes.

Can the grant be paid into someone else's (such as another family member) bank account?

No, BACS payments will only be made into the named account of the applicant.

What should I do if I don't agree with the Panel's decision?

You should write to the Chair of Governors stating why you think the decision of the Panel is incorrect. The Chair of Governors will then consider your appeal and reconsider your application with the help of two other Governors who were not previously involved. The outcome of this reconsideration will be notified in writing and is final.

Where can I get further information?
